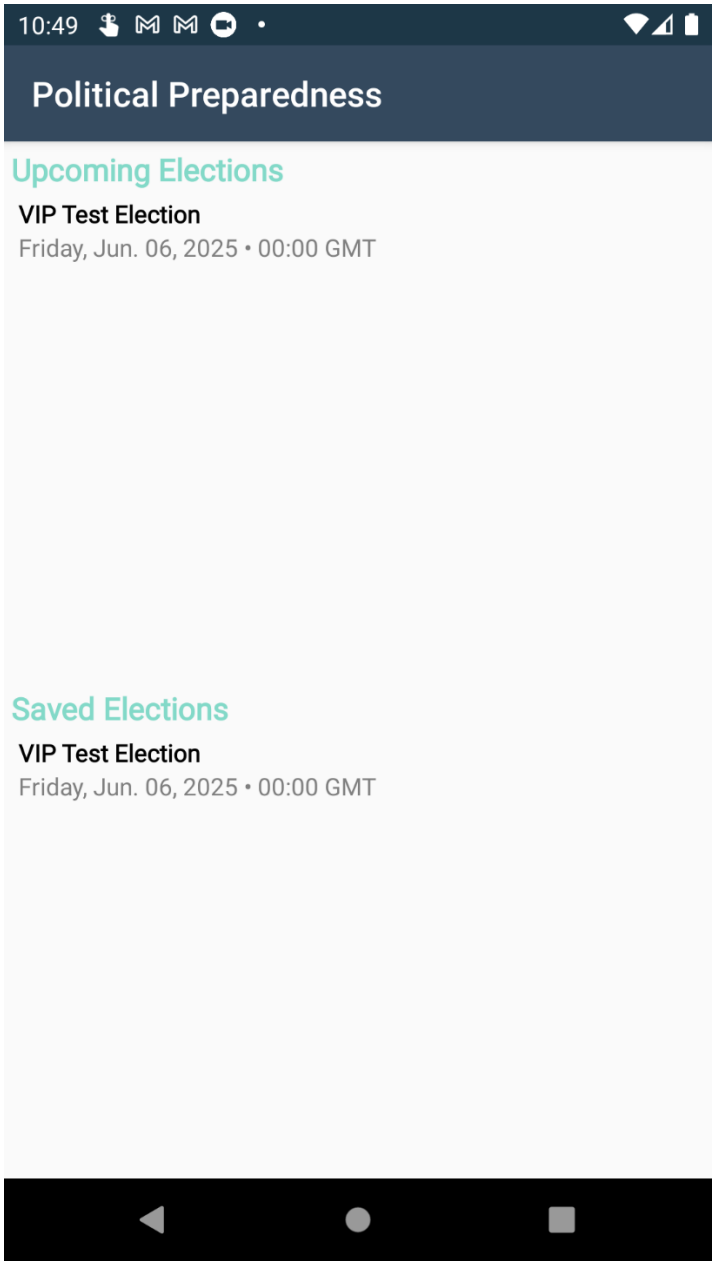
Home Screem

This is the app's home screen, where you will have the "Upcoming elections" and "Find my representations" options on buttons.

which will be taken to the respective screens.

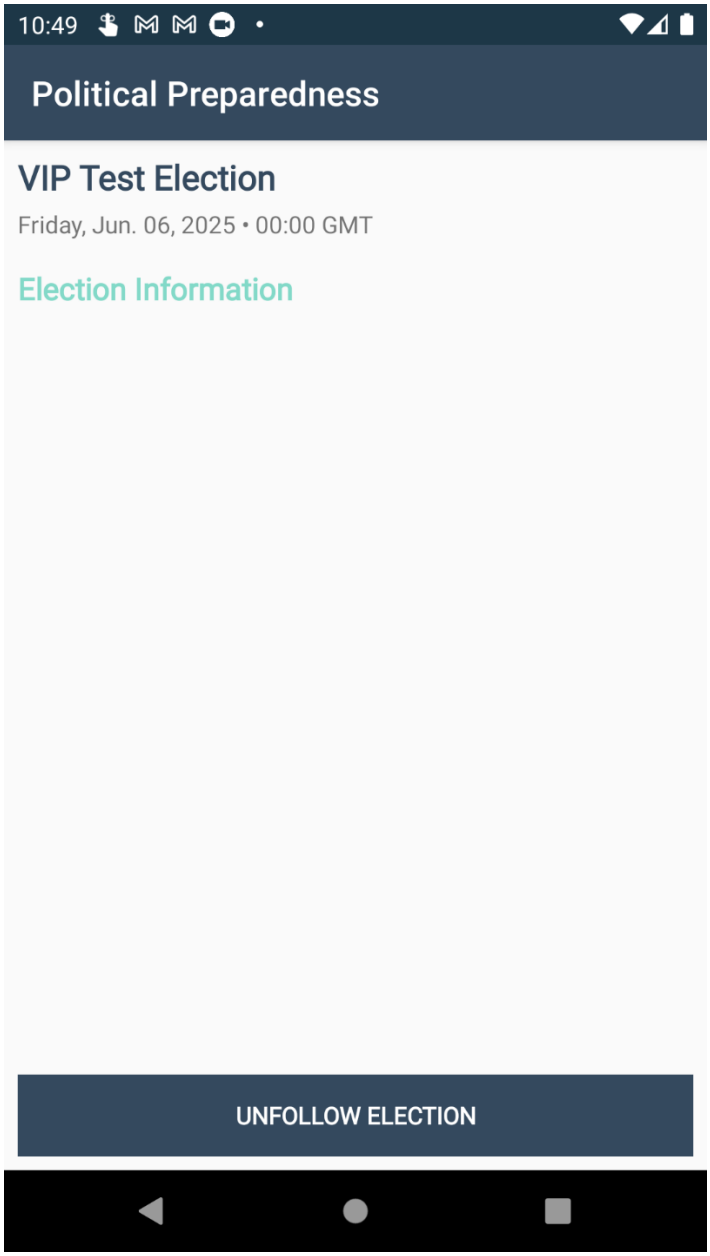
Upcoming Elections

This is the screen where you will see the list of present elections, where you will be able to click on it and follow an Upcoming Election

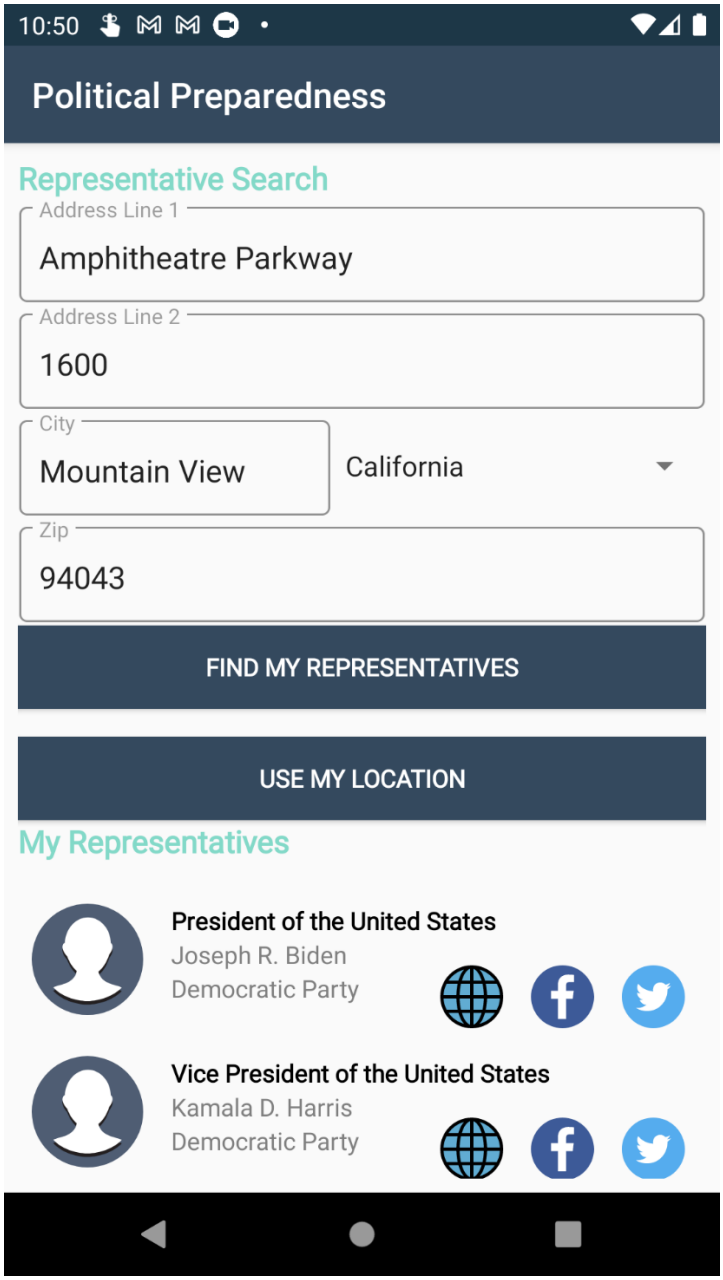


Upcoming Elections Details

This is the screen where you can follow the previously selected election in the "Upcoming Elections" screen



Find my Representations

This is the screen where you can search for candidates near your location.


to be able to list the candidates near your location you must click on the button "use my location" and the app will ask you to activate the location permission (first time) and after that, fill in the location information in the fields above and after that you you should click on the button "find my representatives" for the app to search the list of candidates"
